CITIZENS FOR LIFE**

**A CONSTITUENT PETITION DEMANDING OPPOSITION TO THE  
R.O.E. ACT (S. 1209/H. 1926) – LEGALIZING INFANTICIDE**

To: Sen. James B. Eldridge, Chair                      Rep. Claire D. Cronin, Chair  
Sen. Sonia Chang-Diaz, Vice Chair              Rep. Michael S. Day, Vice Chair  
Members of the Joint Committee on the Judiciary

WHEREAS: S.1209/H.1926 legalizes infanticide, the killing of a child who survives an abortion, by allowing medical professionals to deny the newborn life-saving treatment.

WHEREAS: S.1209/H.1926 removes adult notification or supervision for all minor girls entering an abortion facility: no adult (except perhaps an adult assaulter) need be involved—not even a judge, as provided for under the current “judicial bypass” option.

WHEREAS: S.1209/H.1926 expands taxpayer funding of abortion.

WHEREAS: S.1209/H.1926 eliminates the requirement that abortions after the first trimester be performed in hospitals, threatening the health of the mother should she have emergency complications.

WHEREAS: S.1209/H.1926 reverses the Partial-Birth Abortion Ban in Massachusetts, permitting the horrendous procedure to be performed once again.

THEREFORE: I am signing my name to demand that you and your fellow legislators take immediate action to oppose S.1209/H.1926 – radical bills that threaten the life of the unborn and vulnerable women. My fellow Massachusetts Citizens for Life members and I ask that you put the special interests of the abortion lobby aside to protect the most defenseless and weakest among us – the unborn.
